

Jeanne Ricci-Poiry
Douglas County Garden Club
Vice President
October 6, 2023

Dear CFGC Board of Directors and Education Grant Committee,

Our club thanks you very much for granting us \$125 to invite speaker Becky Elder to come and talk to our club about Permaculture and Edible Plants, Shrubs and Weeds. This was an education program to make our members more aware of what permaculture is and how it can help us with our gardening projects and plans.

One of the comments was, "Thank you so much for bringing Becky to our meeting. I could listen much longer to all she has to say and benefit from her wealth of knowledge. I hope we can learn more about permaculture."

Our club did benefit from the educational funding and help from CFGC.

Sincerely,
Jeanne Ricci-Poiry
