“BEFRIEND OUR POLLINATORS”
President’s Message

Hello, Fellow Gardeners,

Good news from CFGC: We were sorry that Joyce Cassidy, our Editor, resigned after seven years of keeping us so well informed; however, Chuck Pelto accepted the challenge along with his wife Susan, and the summer issue of *The Colorado Connection’s* first appearance did not disappoint!

More good news from CFGC: two new garden clubs have formed and we shall ratify the Denver Garden Club and the Ground Busters Garden Club at our Executive Meeting in September. It would be great if we could add a children’s club. Which club might step up and meet this challenge?

Guidelines from NGC Re. PLANT AMERICA, COMMUNITY PROJECT GRANTS:

- Community gardens
- School gardens/classrooms
- Habitat for Humanity landscaping
- Blue Star Memorial landscaping
- Implementation of environmental practices
- A horticulture or environmental educational event for the public

Grant Amount: Up to \$1,000.00 is available to be used for direct expenses of projects. **Application Deadline: November 1, 2017. If your club is interested in applying for a grant, contact me for additional information.**

I look forward to working with each of you the next two years. Together we can make a lot happen, and let’s have fun as we “Grow and Share Colorado”.

Betty Roberts

THEME

“PLANT AMERICA”

The theme for the 2017-2019 administration will have a singular focus on gardens and gardening. The words of this theme are either be a command to service or a description of what NGC clubs do. This concept supports the results of a recent survey at a meeting of the NGC Board of Directors that the main reason people join a garden club is to learn about gardening.

PROJECT

1. The President’s main goal will be to start a grant program for clubs, also named *PLANT AMERICA*, to support them in their work done in communities all across the country – in the planters and barrels on town and city streets, community and neighborhood entrances, roadsides, churches and public buildings. Because corporations no longer support these projects, NGC is stepping in to help member clubs. The fund will be named PLANT AMERICA, and the first grants will be awarded during this administration. State Presidents are **not** required to have a **Plant America** chairman.
2. Due to the success of the NGC Youth Book, *The Frightened Frog*, another book will be published as a tool to help clubs with their youth programs. This book will focus on an aspect of gardening.
